

Dans: A Cowboy Wedding  
Artist Joni Harms  
Song: Cowboy Wedding

Pull out your Sunday suit grab your hat shine your boots  
Trim your whiskers and put on a smile  
Today is the day we all celebrate  
Someone's gettin' hitched in awhile

We'll throw a weddin' loop around the happy two  
Then pull it tight so no one goes astray  
Then we'll all wish the best that's the way of the West  
There's a cowboy wedding today

Here comes the bride daddy walkin' by her side  
She turns every head in the room  
Friends and family gather round no one dares make a sound  
Until they all hear the I do's

When that cowboy takes her hand puts on that wedding band  
You can hear those old twin fiddles start to play  
That's the sound of romance hit the floor it's time to dance  
There's a cowboy wedding today

We'll throw a weddin' loop around the happy two...

Then we'll all wish the best that's our way here in the West  
There's a cowboy wedding today
