

Dans: Friends For Ten  
Artist: Dave Sheriff  
Song: A Friend In Need

well a friend in need – is a friend indeed  
just stop & help them on their way  
through lifes journey & they will thank you  
for your one good deed of the day

just help your brother & your sister  
when the road that they travel seems so long  
feed them with your tender kindness  
give them hope and a reason to go on

well a friend in need – is a friend indeed  
just stop & help them on their way  
through lifes journey & they will thank you  
for your one good deed of the day

everybody needs a friend some time  
to help them on their way  
i was lucky when a friend of mine  
just took some time to say

well a friend in need – is a friend indeed  
just stop & help them on their way  
through lifes journey & they will thank you  
for your one good deed of the day

well a friend in need – is a friend indeed  
just stop & help them on their way  
through lifes journey & they will thank you  
for your one good deed of the day

well a friend in need – is a friend indeed  
just stop & help them on their way  
through lifes journey & they will thank you  
for your one good deed of the day
