

Dans: On The Straight & Narrow
Artist: Travis Randy
Song: Gonna Walk That Line

I never been too good at doing right
Done mostly wrong most all my life
I never found a place to settle down
Baby I do believe I found it now

I'm gonna walk that line - gonna tote that barge
Gonna lift that bale - gonna work real hard
Doin' anything that you want me to
Baby I'm gonna walk that line for you

Ooooo Im gonna walk that line for you
Ooooo I'm gonna walk that line for you
Do anything that you want me to
Ooooo I'm gonna walk that line for you

Well straight and narrow if ever was my past
Everlasting love never seem to last
I used to be a Tomcat out on the prowl
But baby I'm just your puppy dog now

I'm gonna walk that line - gonna tote that barge
Gonna lift that bale - gonna work real hard
Doin' anything that you want me to
Baby I'm gonna walk that line for you
