

Dans: Tango With The Sheriff
Artist: Dave Sheriff
Song: Cha Tango

I can do all the dances but I just can't handle a tango
The tango is the one dance that's really got me beat
The rhythm of the music gets to me
The words of the song and the melody
But my feet won't follow
So I think I'll have to give in gracefully

I can waltz and I can two step
I can even do the light fandango
I can stomp and I can swing
Without ever getting a foot wrong
But this tempo really gets the better of me
It just can't seem to make me see
The way to do it right
So I think I'll have to sit and be lonely

The tango is the one dance i just can't seem to master
And try as I may I just can't get it right
I'm desperately trying to understand
The rhythm and the music coming from the band
If I can't get it soon
It looks as if I'll have to stay all night

I can do all the dances but I just can't handle a tango
The tango is the one dance that's really got me beat
The rhythm of the music gets to me
The words of the song and the melody
But my feet won't follow
So I think I'll have to give in gracefully

I can do all the dances but I just can't handle a tango
The tango is the one dance that's really got me beat
The rhythm of the music gets to me
The words of the song and the melody
But my feet won't follow
So I think I'll have to give in gracefully
