

Dans: Time To Swing
Artist: Helmut Lotti
Song: Time To Swing

Come on pretty baby
Get out of your chair right now
You gotta start movin'
Baby, let me tell you how
Shakin' all you've got
I don't care if it's a little or a lot

Come on pretty baby
Get up on your feet and dance
I don't mean maybe
You'll never get a better chance
Shake everything
'Cause baby it's time to swing

Rock 'n Roll, Indi Hop, Boogy or Jive
You're gonna feel you're really alive
Baby I'll make your heartbeat
To the rhythm of the pounding drums
I wanna see dancin' feet
Till the mornin' comes

Well it's time to swing, everybody is swaying
Oh it's time to swing while the band is playing
The night's still long
We'll be swinging till the break of dawn

Rock'n Roll, Indi Hop, Boogy or Jive
You're gonna feel you're really alive
Baby I'll make your heartbeat
To the rhythm of the pounding drums
I wanna see dancin' feet
Till the mornin' comes

Well it's time to swing, everybody is swaying
Oh it's time to swing while the band is playing
The night's still long
We'll be swinging till the break of dawn

Come on pretty baby
Get up on your feet and dance
I don't mean maybe
You'll never get a better chance
Shake everything
'Cause baby it's time to swing

Yeah The night's still long
We'll be swinging till the break of dawn
So while I sing, baby take you time to swing
