

Dans: You And I
Artist: Hera Bjork
Song: Someday

I once could see a beautiful tomorrow,
that was meant to be,
where you and I were living in a dream.
If I could have you by my side
the sadness that you've given me
would disappear – I would forget.
All worries, heartaches start all over

Someday love will shine.
Someday you will find.
The memories we had together
shining like the stars forever.
One day you and I – far across the sky.
Oh, destiny will work its magic.
Someday fantasy will set us free.

The days we had
Last time we tried
were full of fights and tears and lies.
My heart was cold as ice when I left you.
But you have grown since that, I've heard
Our history has made us strong.
We would not make the same mistakes
So take my hand and start all over.

Someday love will shine.
Someday you will find.
The memories we had together
shining like the stars forever.
One day you and I – far across the sky
Oh, destiny will work its magic.
Someday fantasy will set us free.

(Sorrows)
There has been sorrows.
We have been lost – we've been apart
You live forever in my heart.

(Someday love will shine)
(Someday you will find)
Here in my heart.
(The memories we had together)
(Shining like the stars forever)
One day you and I – far across the sky
Oh, destiny will work its magic.
Someday I will live my fantasy!
